

The Nuts & Bolts of Workers' Compensation Seminar

For the Ohio Self-Insurers Community

October 27, 2023

Navigating the twists and turns in the life cycle of a claim

This one-day seminar is designed to provide practical learning for professionals who are new to the Ohio Self-Insured Workers' Compensation system, and for those needing to enhance their knowledge of the nuts and bolts of workers' compensation process.

Using a **real-life scenario**, this seminar will actively lead you through the life of a worker's compensation claim, from initial injury report through the hearing process. We'll navigate potential pitfalls, identify red flags, and utilize best practices as we work through the twists and turns of the claim process efficiently, effectively, and most importantly – compliantly.

- How to **investigate a claim** effectively and efficiently
- Factors that go into deciding whether to **allow a claim**.
- When is an **Independent medical review** more efficient than an **IME**?
- Preparing your **IME referral letter**- which questions must be asked and why
- When should **counsel** become involved?
- Which **treatment modalities** should be accepted, and which should be challenged?
- And much, much more!

Nuts & Bolts Seminar
